Goals

- Update the Project Team on work completed since the September 19, 2019 Project Team meeting.
- Review a management strategy evaluation and discuss additional options for the modelers' consideration.
- Continue to build upon ideas and proposals for the design of a *de minimis* fishery, using the Administrative Team revised strawman proposal as a foundation for discussion.
- Outline plan for final Project Team meeting(s) in November and/or December 2019.

Agenda

Welcome & Goals

1:00pm - 1:10pm

Review the goals of the meeting to set realistic and shared expectations for discussions and desired outcomes.

Project Team Updates Since September 19, 2019

1:10pm - 1:20pm

Learn about the work of the Administrative Team since the September 19 webinar, including modelers meetings, updates to reference materials, and plan for the final Project Team meeting(s). *Reference materials: Next steps for modelers from August 27/September 19, 2019 Project Team meetings, Updated Project Team Work Plan*

Review Management Strategy Evaluation Results

1:20pm - 2:50pm

Review the results of a management strategy evaluation (MSE) for two zones and discuss *de minimis* options for a total allowable catch (TAC), reference points. Discuss continued desire to evaluate an alternative fishing zone proposal. *Reference materials: High level summary of results from the two-zone management strategy evaluation summary*

Consider Revised Draft *De Minimis* Fishery Strawman Proposal

2:50pm - 4:50pm

Review updated draft *de minimis* fishery strawman proposal and build upon previous conversations to identify potential management measures. Consider management possibilities within the context of the MSE. *Reference materials: Revised strawman de minimis fishery proposal, Project Team proposals for de minimis fishery (as received)*

Next Steps & Concluding Remarks

4:50pm - 5:00pm

Confirm next steps and goals for the next Project Team meeting.
