

Endangered Species Act Status of West Coast Salmon & Steelhead

(Updated Feb. 26, 2008)

		Species ¹	<i>Endangered Species Act Listing Status²</i>	<i>ESA Listing Actions Under Review</i>
Sockeye Salmon (<i>Oncorhynchus nerka</i>)	1	Snake River	<i>Endangered</i>	
	2	Ozette Lake	<i>Threatened</i>	
	3	Baker River	<i>Not Warranted</i>	
	4	Okanogan River	<i>Not Warranted</i>	
	5	Lake Wenatchee	<i>Not Warranted</i>	
	6	Quinalt Lake	<i>Not Warranted</i>	
	7	Lake Pleasant	<i>Not Warranted</i>	
Chinook Salmon (<i>O. tshawytscha</i>)	8	Sacramento River Winter-run	<i>Endangered</i>	
	9	Upper Columbia River Spring-run	<i>Endangered</i>	
	10	Snake River Spring/Summer-run	<i>Threatened</i>	
	11	Snake River Fall-run	<i>Threatened</i>	
	12	Puget Sound	<i>Threatened</i>	
	13	Lower Columbia River	<i>Threatened</i>	
	14	Upper Willamette River	<i>Threatened</i>	
	15	Central Valley Spring-run	<i>Threatened</i>	
	16	California Coastal	<i>Threatened</i>	
	17	Central Valley Fall and Late Fall-run	<i>Species of Concern</i>	
	18	Upper Klamath-Trinity Rivers	<i>Not Warranted</i>	
	19	Oregon Coast	<i>Not Warranted</i>	
	20	Washington Coast	<i>Not Warranted</i>	
	21	Middle Columbia River spring-run	<i>Not Warranted</i>	
	22	Upper Columbia River summer/fall-run	<i>Not Warranted</i>	
	23	Southern Oregon and Northern California Coast	<i>Not Warranted</i>	
	24	Deschutes River summer/fall-run	<i>Not Warranted</i>	
Coho Salmon (<i>O. kisutch</i>)	25	Central California Coast	<i>Endangered</i>	
	26	Southern Oregon/Northern California	<i>Threatened</i>	
	27	Lower Columbia River	<i>Threatened</i>	• Critical habitat
	28	Oregon Coast ²	<i>Threatened</i>	
	29	Southwest Washington	<i>Undetermined</i>	
	30	Puget Sound/Strait of Georgia	<i>Species of Concern</i>	
	31	Olympic Peninsula	<i>Not Warranted</i>	
Chum Salmon (<i>O. keta</i>)	32	Hood Canal Summer-run	<i>Threatened</i>	
	33	Columbia River	<i>Threatened</i>	
	34	Puget Sound/Strait of Georgia	<i>Not Warranted</i>	
	35	Pacific Coast	<i>Not Warranted</i>	
Steelhead (<i>O. mykiss</i>)	36	Southern California	<i>Endangered</i>	
	37	Upper Columbia River	<i>Endangered</i>	
	38	Central California Coast	<i>Threatened</i>	
	39	South Central California Coast	<i>Threatened</i>	
	40	Snake River Basin	<i>Threatened</i>	
	41	Lower Columbia River	<i>Threatened</i>	
	42	California Central Valley	<i>Threatened</i>	
	43	Upper Willamette River	<i>Threatened</i>	
	44	Middle Columbia River	<i>Threatened</i>	
	45	Northern California	<i>Threatened</i>	
	46	Oregon Coast	<i>Species of Concern</i>	
	47	Southwest Washington	<i>Not Warranted</i>	
	48	Olympic Peninsula	<i>Not Warranted</i>	
	49	Puget Sound	<i>Threatened</i>	• Critical habitat • Protective Regulations
	50	Klamath Mountains Province	<i>Not Warranted</i>	
Pink Salmon (<i>O. gorbuscha</i>)	51	Even-year	<i>Not Warranted</i>	
	52	Odd-year	<i>Not Warranted</i>	

¹ The ESA defines a “species” to include any distinct population segment of any species of vertebrate fish or wildlife. For Pacific salmon, NOAA Fisheries considers an evolutionarily significant unit, or “ESU,” a “species” under the ESA. For Pacific steelhead, NOAA Fisheries has delineated distinct population segments (DPSs) for consideration as “species” under the ESA

² On Feb. 11, 2008, NOAA Fisheries published a final determination listing Oregon coast coho as threatened (73FR7816). This final rule also designated critical habitat and issued final protective regulations. The listing, critical habitat and protective regulations are effective on **May 12, 2008**.
