

DCTF Proposal Comparison

	Half Moon Bay low tier	Crescent City commercial	The Duck Plan	Other (BD)	Other (VD)(variation of HMB plan)	Other (Mike Zamboni)
Overall fishery capacity	100,000 – 142,500	178,200 – 192,900	140,000	162,000	125,000 (future goal) - 178,000	Maintain capacity
Pot allocation	<p><u>Tiered:</u></p> <p>Top 150 400 pots 60,000 total</p> <p>Lower 250 250 pots 62,500 total</p> <p>or</p> <p><u>Non-tiered:</u> All active permits 400 pots 160,000 total</p> <p>Review board</p>	<p><u>Tiered #1:</u></p> <p>Top 200 500 pots</p> <p>Remaining 247 300 pots</p> <p><u>Tiered #2:</u> Top 150 500 pots</p> <p>Remaining 247 300</p> <p>or</p> <p><u>Non-tiered:</u> All active fishers 400 pots</p>	<p><u>Non-tiered:</u></p> <p>300 pots</p>	<p><u>Tiered:</u> (400) 20% for upper tier; (300) 56% lower tier; (100) 24% for latent permits (all landings based)</p>	<p><u>Tiered:</u> 150=500 pots; 250=300 Latent=100</p>	<p><u>Tiered:</u> 400 for active; 200 for latent</p>
Pot allocation criteria	Top 150 permits	Top 200	Equal initial allocation	400 300	See above	Current definition of latent permit

DCTF Proposal Comparison

	Lower 250 permits	Top 150		100		
	Latent 200 permits or Active fishers 400 pots	Lower 247 Remaining latent permits				

DCTF Proposal Comparison

Individual max pot cap	500 pots		400 pots	Same as above	600	Maintain capacity
Latent permit allocation	200 lat. permits 100 pots 20,000 total	100 pots	100 pots	100	100	200
Latent permit max cap				Same as above		
Latent permit availability	Permit pool will be maintained to allow entry into fishery					Permit pool (starter packages)
Pot trading capacity reduction	2 for 1 until capacity goal met then 1 to 1 Seller can determine fraction of pots sold If latent permit sells all, permit is retired	In future: Stacking 2 for 1 buy outs	2 for 1 for fishers moving up to 400 cap		2 for 1	
Permit transferability	Same permit owner can transfer at reduction rate; keep second permit on another vessel	Stacking	Stacking			No stacking
Geographic range	Statewide	Statewide	For whole DCTF to decide	Statewide	D10 first two years; then maybe in the	Statewide
Timeline	2 year sunset	2 year sunset	2 year sunset	2 years	2 years	2 years
Administration and costs	DFG in concert with advisory body Funded by either landings tax, pot tag fee or pot transfer fee (\$500)	Pot tag fee	Pot tags	Pot tags		Fine

DCTF Proposal Comparison

30 day fair start	All areas along the CA coast Coordination with Tri state for OR, WA and tribal boats with CA permits		Fair start or season opener if pot allocation not deemed sufficient			
Sport fishery		Prohibit sport fishing from commercial boat Require cotton escape panels Prohibit harvest of females Perhaps sport pot limit Note: CC sport rep opposed				
Permanent advisory body		Continuation of DCTF	Disband DCTF			
Miscellaneous		Add ID number to each individual permit Permit renewal requires demonstration of permit attached to working boat Pot size consistent with Oregon Review board set up with port reps				

DCTF Proposal Comparison

		Tri-state communication to address border effort shift				
--	--	--	--	--	--	--

DCTF Proposal Comparison

Other (Bill Carvahlo)	Other (Tommy Ancona)	Other (John Dooley)	Relevant objectives
131,103		Reduce pots / increase production	
<p><u>Lower 2 tiers:</u> 150 pots</p> <p><u>Upper tier:</u> 374</p>	<p><u>Multiple tiers:</u> see allocation criteria below</p> <p>Flexible model (numbers to be built in)</p>	<p>Lock up catch history as part of a cooperative</p> <p>Two regional coops: D10 and northern regions</p>	
Numbers adjusted based on qualifying; system of gradation	Percentile of participation in the fisherv	Can only harvest what your catch historv is	

DCTF Proposal Comparison

<p>All unassigned tags are available for purchase; charge more for excess tags</p>	<p>Multiple tiers (number yet to be determine); poundage is attached to tiers; gradation system;</p> <p>No reallocation - you fit into slots</p> <p>After performance-based allowcation, you buy your way up.</p>		
--	---	--	--

DCTF Proposal Comparison

	Yes		
14,100 in pool; latent holders can buy extra not tags:		20% pool kept	
	Stacking w/ caveats (e.g. number that could be stacked)	Trading	
Paid for by charges on excess tags; DCTF make a recommendation on cost (e.g. no more than X)
