

OCEAN PROTECTION COUNCIL

**Recreational Red Abalone FMP Project Team  
Meeting #3: Discussion of Draft Management Strategies**

**Tuesday, August 27, 2019 | 9:00 am - 4:00 pm PST**

**Justice Joseph A. Rattigan Building | 50 D St. (at First St.), Santa Rosa, CA 95404**

Screen sharing: <https://www.uberconference.com/strategiearth>

Optional dial-in number (listen-only mode): 424-228-8722, no pin needed

**Goals**

- Update the Project Team on work completed since the July 18, 2019 Project Team meeting;
- Review and discuss draft management strategies that may be used to identify, prioritize, and guide the use of data streams and indicators to inform management of the north coast recreational red abalone fishery; and
- Discuss next steps for proposed management strategies that will be evaluated via management strategy evaluation (MSE), and confirm the goal of discussing preliminary MSE results at the September 2019 Project Team meeting.

**Agenda**

*Registration* 8:45am - 9:00am

**Welcome & Goals** 9:00am - 9:15am  
*Introduce all in attendance and review the Project Team’s goals for the meeting to create a shared understanding of approach, intentions, and desired outcomes.*

**Updates Since July 18 Project Team Meeting** 9:15am - 9:25am  
*Learn about the work of the Administrative Team and modelers since the July 18 webinar. Understand how suggestions made by the Project Team during the webinar were used to update the data streams comparison table and inform next steps for modelers.*  
*Reference materials: Next steps for modelers from July 18, 2019 Project Team meeting; Updated data stream comparison table*

**An Overview of Fishery Management Strategies** 9:25am - 10:10am  
*Learn about the basics of fishery management strategies and how previous discussions on available data streams and potential indicators have informed the draft management strategy to be presented.*

**Break** 10:10am - 10:25am

**Review and Consideration of Draft Management Strategies** 10:25am - 12:00pm  
*Introduction of a draft management strategy for a de minimis recreational red abalone fishery along the north coast, including discussion of harvest control rule design (i.e., decision tree with traffic light ), proposed indicators, and potential data streams.*  
*Reference materials: High-level summary of draft management strategy*

**Lunch Break**

**12:00pm - 1:00pm**

**Discussion of Draft Management Strategies**

**1:00pm - 3:45pm**

*Continue a discussion of the draft management strategy, with a focus on clarifying and/or improving aspects and working collaboratively to fine-tune a draft management strategy for the modelers to evaluate via MSE.*

**Next Steps & Concluding Remarks**

**3:45pm - 4:00pm**

*Confirm next steps and goals for the next Project Team meeting.*

---

*\* Agenda items and timing may be taken out of order at the discretion of the facilitation team based on the needs of the discussion.*

*While not required, RSVPs are requested to help with meeting coordination and should be sent to Strategic Earth Consulting ([hello@strategicearth.com](mailto:hello@strategicearth.com)). Coffee and tea will be provided; lunch will not be provided and a break will be made available. Strategic Earth Consulting is the neutral facilitation and administrative team supporting the Project Team's activities and is funded by the Ocean Protection Council.*
