## Recreational Red Abalone FMP Project Team

### Meeting #4: Revised Management Strategy & Continued Discussion on De Minimis Fishery

Thursday, September 19, 2019 | 9:00 am - 12:30 pm PST

Screen sharing: <https://www.uberconference.com/strategicearth>

Dial-in number: 424-228-8722, no pin needed

#### Goals

- Update the Project Team on work completed since the August 27, 2019 Project Team meeting.
- Review a revised draft management strategy by the modelers that considers and integrates key discussion points and feedback shared during the August 27 Project Team meeting.
- Continue to build upon ideas and proposals for the design of a *de minimis* fishery, using the Administrative Team strawman proposals as a foundation for discussion.

#### Agenda

##### Welcome & Goals

9:00am - 9:10am

Review the goals of the meeting to set realistic and shared expectations for discussions and desired outcomes.

##### Project Team Updates Since August 27, 2019

9:10am - 9:20am

Learn about the work of the Administrative Team and modelers since the August 27 in-person meeting, including modelers meetings, follow-up conversations with Tribal representatives, and updates to reference materials. *Reference materials: Next steps for modelers from August 27, 2019 Project Team meeting, updated glossary of key terms, updated data stream comparison table*

##### Refining the Draft Management Strategy

9:20am - 10:50am

Review the revised draft management strategy and learn how Project Team and broader feedback was considered in the revisions, including modifications to the decision tree structure, indicators, fishing zones, and more. *Reference materials: Updated high-level summary of draft management strategy*

##### Discussing the De Minimis Fishery

10:50am - 12:20pm

Continue to review and discuss the strawman proposals (introduced during the July 18 Project Team meeting), developed by the Administrative Team based on ideas from individual proposals submitted by members of the Project Team. Consider different levels of total allowable catch to provide feedback on draft management options and permit allocation approaches in a *de minimis* fishery. Define an open access fishery relative to a *de minimis* fishery. *Reference materials: Draft de minimis fishery proposals, Project Team proposals for de minimis fishery*

##### Next Steps & Concluding Remarks

12:20pm - 12:30pm

Confirm next steps and goals for the next Project Team meeting.
