Senate Bill No. 1690

CHAPTER 727

An act to add and repeal Section 8276.4 of the Fish and Game Code, relating to Dungeness crab.

[Approved by Governor September 30, 2008. Filed with Secretary of State September 30, 2008.]

LEGISLATIVE COUNSEL'S DIGEST

SB 1690, Wiggins. Dungeness crab.

Existing law regulates the Dungeness crab fishery and permits the Director of Fish and Game to delay the opening of the Dungeness crab fishery in specified situations and regulates the taking of crab during those delays. Existing law sets forth the qualifications for a Dungeness crab vessel permit, and provides that no person shall use a vessel to take, possess, or land Dungeness crab for commercial purposes without a Dungeness crab vessel permit.

Existing law establishes the Ocean Protection Council and requires the council to, among other things, coordinate activities of state agencies that are related to the protection and conservation of coastal waters and ocean ecosystems, to improve the effectiveness of state efforts to protect ocean resources within existing fiscal limitations.

This bill would require the council to make a grant, upon appropriation of funding by the Legislature, for the development and administration of a Dungeness crab task force, and would specify the membership of the task force. The bill would require the task force, among other things, to review and evaluate Dungeness crab management measures, with the objective of making recommendations related to Dungeness crab to the Joint Committee on Fisheries and Aquaculture, the Department of Fish and Game, and the Fish and Game Commission by January 15, 2010. The task force would cease to exist on January 1, 2011.

The provisions of the bill would be repealed on January 1, 2011, as specified.
